

Hello,

I apologise for not being able to attend last week, I was in Sweden looking at University's over there. I've got together a 'Town Council Working Group' within school to be more proactive when I attend the meetings!

- Possible change to bus costs (even just for students) i.e. £8 Kendal to Kirkby is too expensive
- All happy to volunteer at Xmas markets
- If we raise money or fundraise, we should have a card machine
- Art QES students at all levels could create work and sell at a stall i.e. art inspired by local artists. Fundraising for Ruskin's View? (is Ruskin's View fundraising still needed?)
- Signage on park (about QES students)
- benches with tables in the park?
- be proactive : forum to all years about issues involving Kirkby/ Youth
- Possibility of the surgery (once date's confirmed?)
- Meet monthly as a group

Would I be able to bring this forward at the next meeting? If so, that would be great and perhaps adjustments to these ideas can be made to suit the community.
